

U.S. ARMY CONTRACTING AGENCY

FY2005 was a highly successful year for the military and civilian employees of the Army Contracting Agency. Together, our dedicated employees awarded more than \$13B in contracts while continuing "to support soldiers through contracting." Today, it is my honor to release the list of FY2005 Army Contracting Agency award winners. It is always my pleasure to visit individual Directorates of Contracting, Centers, and PARC staffs frequently hearing praise from our customers about your superb accomplishments. Your outstanding work is recognized by the leadership of the United States Army. Thank you for all you do in support of your installation, our agency, and the United States Army. I look forward to presenting these awards in the next few months. I look forward to presenting these awards as I visit each Region or Command before my retirement.
